## DETAILED ACTION

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### *Drawings*

The following changes to the drawings have been approved by the examiner: All of the cross hatching patterns should be selected from those shown on page 600-81 of the MPEP based on the material of the part. Also see 35 CFR 184 (h)(3) and MPEP 608.02.

- In order to avoid abandonment of the application, applicant must make these above drawing changes.

#### *Allowable Subject Matter*

The following is an examiner's statement of reasons for allowance: There is prior art regarding semiconductor interconnection systems comprising a semiconductor die, conductive contacts, and a silver epoxy bond interposed between the contacts.

See that Panchou et al. (US 6040630) teaches a die 11, first and second contacts (12,38), said first contact coupled to a surface of the die, and said second conductive contact coupled to an external structure, and an insulating island 30.

See that the claims have been amended to specifically recite a plurality of silver/metallic migration regions extending from the silver epoxy bond toward the surface of said die (claim 1), or a silver epoxy bond interposed between contacts, wherein an insulating island is interposed between the silver migration regions and the surface of the die (Claims 5, 9).

The above, in combination with all other specific structures recited in the claims, is neither obvious over nor anticipated by the prior art of record, which fails to either alone or in combination anticipate the device as claimed. Therefore, the application is hereby allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
